

# SSALTO/DUACS ready for Jason-1

P.Y. Le Traon, G. Dibarboure, J. Dorandeu

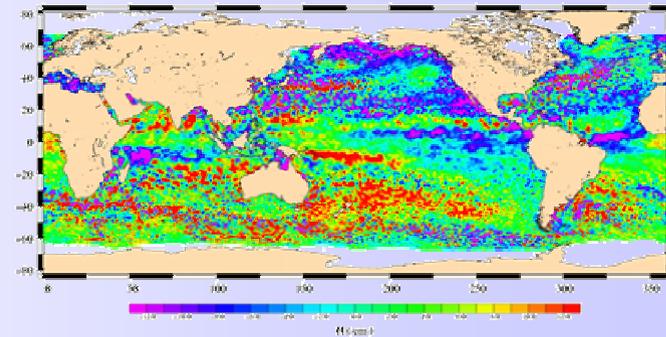

CLS Space Oceanography Division

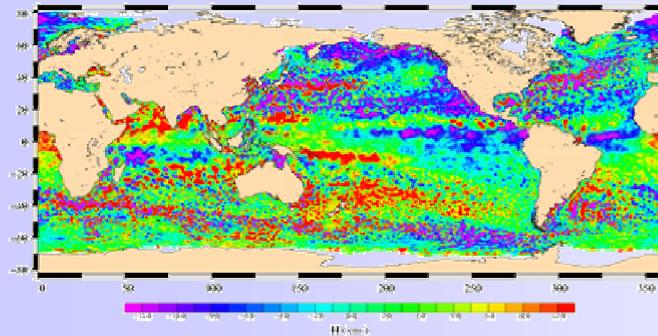

T/P

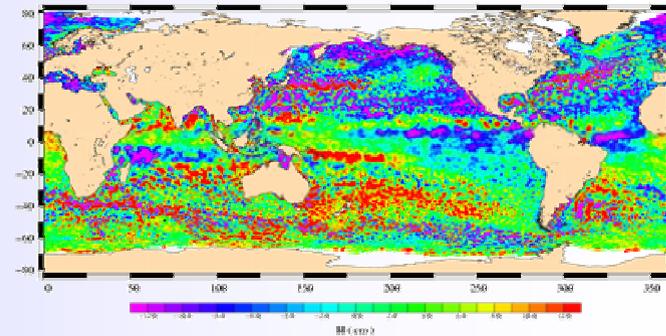

Jason-1

T/P + ERS-2 + GFO

Jason-1 + ERS-2 + GFO

These figures show the SSALTO/DUACS NRT Maps of Sea Level Anomaly on May 1st, 2002 for T/P (Upper Left), Jason-1 (Upper Right), T/P + ERS-2 + GFO (Lower Left) and Jason-1 + ERS-2 + GFO (Lower Right). Note the excellent agreement between T/P and Jason-1 results. Jason-1 is (almost) ready to replace T/P for the operational products.
