# Proposed Goals for Today's Meeting

---

1. **Sharing Ideas and Projects:** Everyone knows what everyone else is working on.
2. **Discharge Operations During the Mission:** Ensure we are all on the same page
3. **Data Products:** Begin working towards a process to include algorithms in the data product
4. **Pepsi Challenge 2:** Share results. Determine next steps.
5. **Thinking forward:** Share plans for taking the next steps with discharge algorithms
